Level 3 and 4 classes are upper level classes that require at least two years background experience in the subject area that will be studied at Glasgow.</p> <p>Areas that are unavailable to visiting students are Medicine, Vet Medicine and Dentistry. Additionally, level 5 courses are unavailable.</p> <p>Semester 1 only students are not permitted to take level 3 and 4 Computing Science, Maths or Stats classes.</p> <p><b>Class choices must be submitted within the application. Can I choose to study courses outwith the University?	<p>You can select courses at the Glasgow School of Art and the National Piping Centre.</p> <p>These courses cannot be selected as part of the online application process. You will have opportunities to meet colleagues from GSA and NPC at orientation events and may register once you arrive here in Glasgow.</p> <p>Fees for these courses are included in the Study Abroad fee. Exchange students must pay an additional fee for these external courses.</p>
What happens after I submit my application	<p>Once we receive your application, you will receive feedback from the Admissions team. This will be either:</p> <ul style="list-style-type: none"> <li>• an unconditional offer <b>OR</b></li> <li>• a request for further information/ documents <b>OR</b></li> <li>• a note that your application has been unsuccessful.</li> </ul>
How do I accept my offer?	<p>You should accept your offer as soon as possible via Applicant Self-Service, which you will be sent a link to after you have submitted your application.</p>

<p>How do I find out if I have been accepted for my chosen courses?</p>	<p>When you receive an unconditional offer, your courses choices will be sent to academic staff for approval.</p> <p>The Study Abroad and Exchange team will let you know whether or not you have been approved for your chosen courses.</p> <p>Once you have registered as a student at the University of Glasgow, the Study Abroad and Exchange team will enrol you in classes for which you have been pre-approved. These classes will then appear on your timetable.</p> <p><b>Please note course enrolments are only final once you arrive in Glasgow.</b></p>
<p>Can I change my course choices?</p>	<p>Course changes can be requested once you arrive in Glasgow.</p> <p>All spaces are allocated on a first come, first served basis and so requests for course changes cannot be guaranteed.</p>
<p>Can I let the University know of any additional support needs?</p>	<p>You should contact our Disability Services team to advise them of your situation. Full details on this (including a link to the form) can be found <a href="#">here</a>.</p>

## Step 2: Preparing for arrival to Glasgow

<p>Do I require a visa?</p>	<p>All students without an EU/EAA passport are <b>required</b> to obtain a visa to study at the University of Glasgow.</p> <p>There are two options available to incoming students with regard to immigration in the United Kingdom:</p> <ol style="list-style-type: none"> <li>1. Short-term Study Visa (for one semester stays) OR</li> <li>2. Tier 4 (General) Student Visa (for study periods longer than 6 months)</li> </ol> <p>Full information on all visas can be found at <a href="https://www.gla.ac.uk/international/support/before/studentvisa/">https://www.gla.ac.uk/international/support/before/studentvisa/</a></p> <p><b>IMPORTANT - If you travel to the UK via Dublin (or any other airports in the Republic of Ireland), including layovers, you will not pass through any UK immigration point and will therefore not be able to obtain your Short-Term Study Visa on arrival.</b></p> <p><b>Therefore, you must apply for Entry Clearance (a visa) before leaving your own country. This means you will need to apply for a Short-Term Study Visa or a Tier 4 Visa before you travel if you wish to travel through Dublin or RoI (including layovers).</b></p>
<p>How do I register as a student?</p>	<p>You will be emailed when online registration is open. This email will include details of how to log onto the MyGlasgow and complete the registration process.</p> <p>You should complete academic registration as soon as possible in order for you to be enrolled in classes.</p> <p>Both academic and financial registration should be completed prior to your arrival in Glasgow.</p>
<p>How do I apply for accommodation?</p>	<p><b>Please note the accommodation application is a separate process. Students are responsible for ensuring they submit an application for accommodation. Details of how to apply for accommodation will be included in our offer letter.</b></p> <p>You can apply for accommodation 72 hours after accepting an offer to study at the University of Glasgow.</p> <p>Study Abroad and Exchange students are guaranteed a place in University accommodation.</p> <p>Students are advised to apply as soon as possible as rooms are allocated on a first come first served basis. Students are asked to list up to six choices on their application. First choices are not guaranteed due to the volume of applications.</p> <p>Information about accommodation, including prices and contract dates can be found at <a href="http://www.gla.ac.uk/undergraduate/accommodation/">http://www.gla.ac.uk/undergraduate/accommodation/</a></p>

### Step 3: Orientation and arrival

What do I need to know about orientation?	<p>All students are required to take part in a mandatory Orientation session before you begin your studies at Glasgow.</p> <p>Orientation will include information sessions and optional social events.</p> <p>Details about Orientation will be emailed to students closer to the beginning of semester.</p> <p>This will include details of the programme, information on how to sign up for events and information on transport from the airport to the University/your accommodation.</p> <p>Further information will also appear on our website - <a href="https://www.gla.ac.uk/international/support/before/orientation/">https://www.gla.ac.uk/international/support/before/orientation/</a></p> <p>Meetings with the Study Abroad and Exchange team will be available on arrival to confirm course choices and/or address any further issues you may have.</p>
What do I do if I require healthcare while in Glasgow?	<p>All students are entitled to free healthcare provided by the National Health Service.</p> <p>Students are strongly recommended to register with GP on arrival in Glasgow. This is free to do and there is a GP surgery on campus - <a href="http://www.universitybarclay.com/">http://www.universitybarclay.com/</a></p>

### Step 4: During your course

What is the teaching style like?	<p>Study abroad and exchange students attend classes with other British and international students and are assessed in the same manner.</p> <p>The most common form of teaching is formal lectures (particularly at Level 1 and 2) with supplementary group tutorials where discussion and group participation are encouraged. A significant proportion of teaching for Science and Engineering takes place in practical laboratory sessions.</p> <p>In upper level classes, lectures are often to smaller groups of students and in some departments are replaced by tutorials and seminars.</p> <p><b>You may find that they have very few contact hours and less assessment than you are used to at your home institution.</b></p> <p><b>It is important to note that higher education in Scotland places a strong emphasis on independent study.</b></p>
----------------------------------	--

How will I be assessed?	<p>Assessment methods vary from course to course, but may include essay submissions, project work and end of semester exams.</p> <p>Details of and deadlines for assessment are included in the course handbook for each of our courses. Exam timetables will be published on the University website during the semester.</p> <p>It is your responsibility to submit assessments and attend for exams punctually.</p>
Who can I contact for advice during my studies?	<p>A member of staff from the Study Abroad and Exchange team will be your advisor.</p> <p>Course administrators will add you to a Moodle page for each course you are enrolled on. Moodle is the University of Glasgow's virtual learning environment.</p> <p>The Moodle page will give detailed information on your courses as well as useful contacts within the department.</p> <p>You should contact the course team with any course-specific enquiries in the first instance.</p>
I am unable to complete assignments or attend exams. What do I do?	The University operates a Good Cause process. Students can use this process to let university staff know of any circumstances affecting their studies.
What support is available if I am facing personal challenges	<p>The University's counselling team is available to all students. Full info on the support they can offer can be found at <a href="https://www.gla.ac.uk/myglasgow/counselling/">https://www.gla.ac.uk/myglasgow/counselling/</a></p>
How do I keep up to date with University news?	You should remember to check your University of Glasgow email account regularly. All information and updates from the University will be sent to your student email address.

Step 5: Course completion	
Exams and assessments	<p>Details of assessment deadlines are included in course handbooks Exam diets are held in December for Semester 1 students and April/ May for Semester 2 students.</p> <p>Details of exam dates and deadlines can be found at <a href="https://www.gla.ac.uk/myglasgow/registry/exams/dates/">https://www.gla.ac.uk/myglasgow/registry/exams/dates/</a></p> <p>Students are expected to remain in Glasgow until the last day of semester.</p> <p>You should remain in Glasgow until all exams and assessments have been completed. Permission will not be given for students to return home early to attend interviews, internships or family events</p>
Transcripts	<p>Your official transcript will be sent to your home institution once results are finalised and available. This is an automatic process and you do not need to do anything to request your transcript.</p>
